Subject: Approval of Amended Notice of Intention to Commence Large Mining Operations (NOI) Shaw Environmental, Inc. Lime Peak Quarries, M/049/0047, Utah County, Utah

Dear Mr. Mathison:

The Division has reviewed your request to amend the Notice of Intention for the Lime Peak Quarries. This amendment re-aligns the proposed permit and bonded area. The division's review found that this change does not change the total disturbed and bonded area, and would not affect the amount of reclamation surety required for this site. The Division hereby approves this amendment.

Enclosed is a copy of the "approved" amended map for this project. Please replace this map in your copy of the 'Approved' Notice of Intention.

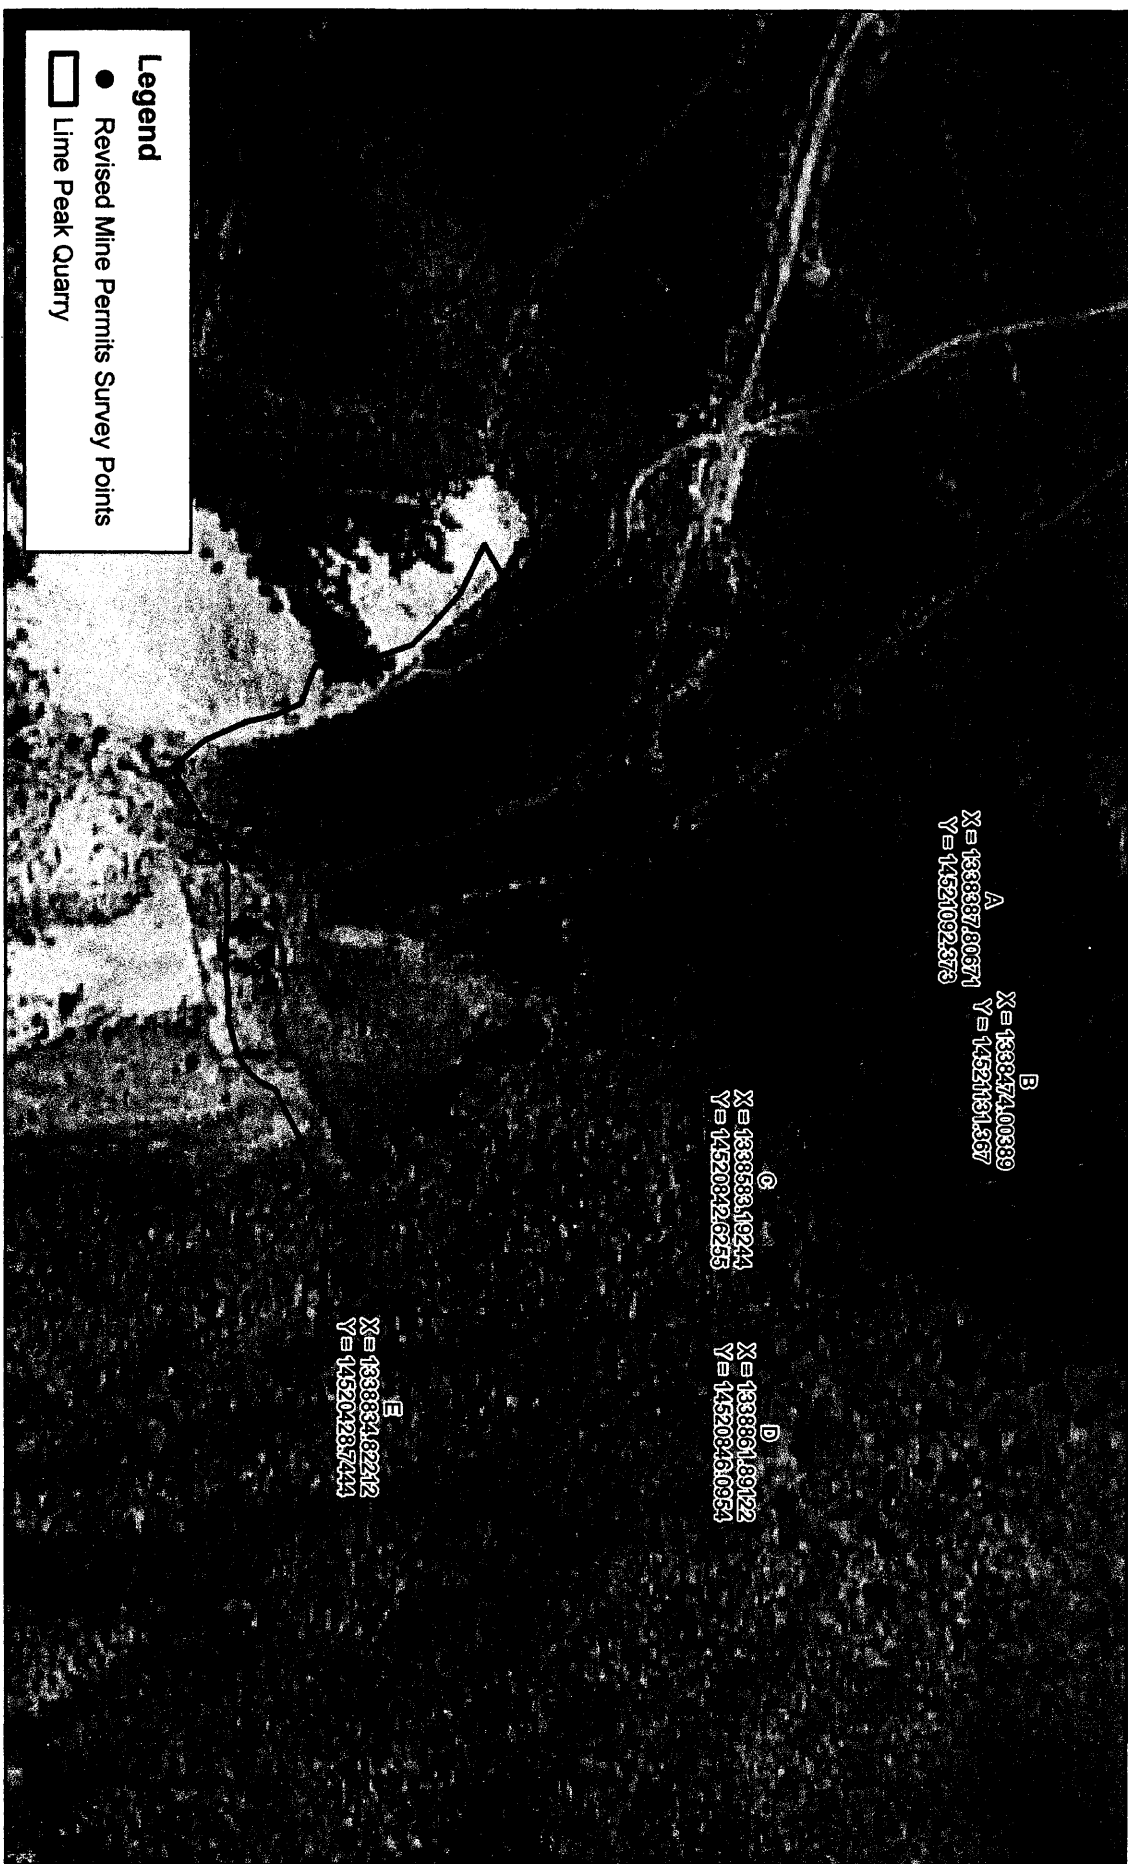

Thank you for your help and patience in finalizing this permitting action. Please call if you have any questions in this regard.

Sincerely,

Susan M. White
Mining Program Coordinator
Minerals Regulatory Program
